

PROJECT PROFILE

Flash & FOIL™
Hybrid Insulation System

Sonnum, LLC Luxury Homes

Project Information

Builder/Developer:
Sonnum LLC, Nashville, TN

Insulation Contractor:
Dale Insulation, Nashville, TN

Application: Flash & FOIL installed on walls, knee walls, and cathedral ceilings in a 7,800 sq. ft. single-family home.

The Solution

Sonnum, LLC., a home builder based in Nashville, TN was building high end custom homes with all available upgrades and a special emphasis on energy efficiency. They were looking for a versatile insulating system to be used in a variety of applications. In addition, they were trying to keep costs as low as possible.

Dale Insulation out of Nashville, TN offered to install the Flash & FOIL System with F-Foil's VR Plus Shield and Closed Cell Spray Foam. This application was used on the walls, knee walls, and cathedral ceilings on both 2"x4" and 2"x6" wooden studs.
